Name :- Rohan karak
Roll NO. = 117, CSE, 3B
Uni. Roll = 10900123118.

18/2

1) Distinguished between perception and sensation.

=)

Basis	sensation	perception
Meaning	sensation is the process of receiving stimuli through sense organs.	perception is the process of interpreting and understanding those stimuli
process type	It is a physical/ Biological process.	It is a psychological/ cognitive process.
Example	Feeling heat when touching a hot object	understanding that the object is hot and may burn you.
order	It occurs first	It occurs after sensation.

2) Explain 'proximity Theory' of Group Formation.

=) proximity Theory states that people are more likely to form groups with those who are physicaly close to them.

When individuals stay or work near each other, they interact more frequently. Increased interaction leads to formation.

For Example, students sitting next to each other in class often become friends.

3) Distinguished between intrinsic and extrinsic motivation.

=)

Basis	Intrinsic Motivation	Extrinsic Motivation
Meaning	Doing an activity for internal satisfaction or interest.	Doing an activity for external rewards or to avoid punishment
Source	comes from within the person	comes from outside factors.
Example	studying because you enjoy learning.	Studying to get good marks or rewards.

4) Explain characteristics of "Highly Mach" people.

=) "Highly Mach" refers to people who have high Machiavellianism (a personality trait based on manipulative and strategic behavior.

1) Manipulative Nature :- They easily manipulate others to achiver their own goals.

2) Emotionally Detached :- They are less emontional and do not get easily influenced by feelings or sympathy.

3) Goal-oriented and strategic :- They are practical, calculative, and focus on personal success, even if it requires unethical methods.

5) What is 'Stereotyping of judging a person'? Explain.

2) i) Fixed generalization → applies broad trait to all group members.

ii) cognitive shortcut → simplifies complex into.

iii) confirmation bios → seak euidence conficming stereotype
